

**North Kirklees & Morley Circuit
October 2025**

From Rev. Nick Cutts:

Kathryn enjoys her crafting whether it is card making, cross stitch or now her new learnt skill of quilting. Her love of quilting has been gained through the Circuit Prayer Quilt Ministry Team who I have found are making a tremendous contribution and difference, in partnership with churches and groups, to both individuals and families who are being presented with the quilts they are prayerfully producing.

Recently, using this newfound skill and a gift from an individual of material for a quilt, Kathryn had decided to make a quilt for home. However, she required material for the border of the quilt and the back of it, and therefore following a recommendation from a friend, we made a trip to a mill in Colne. As we entered the building we were confronted with a huge array of fabrics. I would guess several thousand and then we started the matching process of squares to material for the border and the back. Where do you start? Several were chosen and then eliminated for being too patterned, not quite the right shade or too light or dark for the quilt. Eventually, with my 'considerable skill' and Kathryn's eye the final choices were made. It had taken around an hour! Some of you will be saying 'only an hour' while others' response will be 'that long'!

Would you have chosen the same material? I guess some of you may have done and others would choose something different. We can all value the final article for the time and effort which has gone into producing the item, but all of us have different tastes and appreciation. What really matters is the love, skill, time and effort which has gone into the creation of the quilt-the enjoyment of creating and the appreciation of what has been produced by individuals with their talent.

A quilt can be and is made up of many different styles, patterns, colours and shades. Some are bold, others are more muted and the possibilities I am learning are endless. Kathryn will ask, what do you think? Should I do it this way with the squares or maybe this would be better? And suddenly a total new quilt is possible from the same material and squares-a different pattern, a different finished article is created. The potential is there but only brought into being through the crafter.

We belong to God's community, God's kingdom which sometimes I think we forget is both within and outside our church community. As members of that community, our task is to build that community wherever that maybe and join in with the Crafter in the work that God is completing. Are we playing our full part?

From 1st September to 4th October, Season of Creation is an annual, ecumenical celebration of prayer and action for creation.

Season of Creation Prayer

PEACE WITH CREATION

Creator of all, we praise you for the gift of life and for the faith that unites us in care for our common home. We confess how estranged we have become— from one another, from your Creation, and from our truest selves. We acknowledge that our greed and destructive impulses have fractured our relationships with you, with others, and with the Earth. Fertile fields have become barren, forests lie desolate, oceans and rivers are polluted. Thriving communities have become places of suffering, and the earth cries out.

Circuit Facebook page

Have you seen our new Circuit Facebook page?

Here we share a weekly prayer for those in our Circuit, District and the wider Connexion, we advertise jobs from around the District and share information from the District and wider Connexion.

We will use the page to share circuit events but are not able to use this for publicising church events.
